Why Ramsgate?

Ramsgate experiences some of the warmest weather with one of the highest sunshine records in the UK and nearly the lowest rainfall.

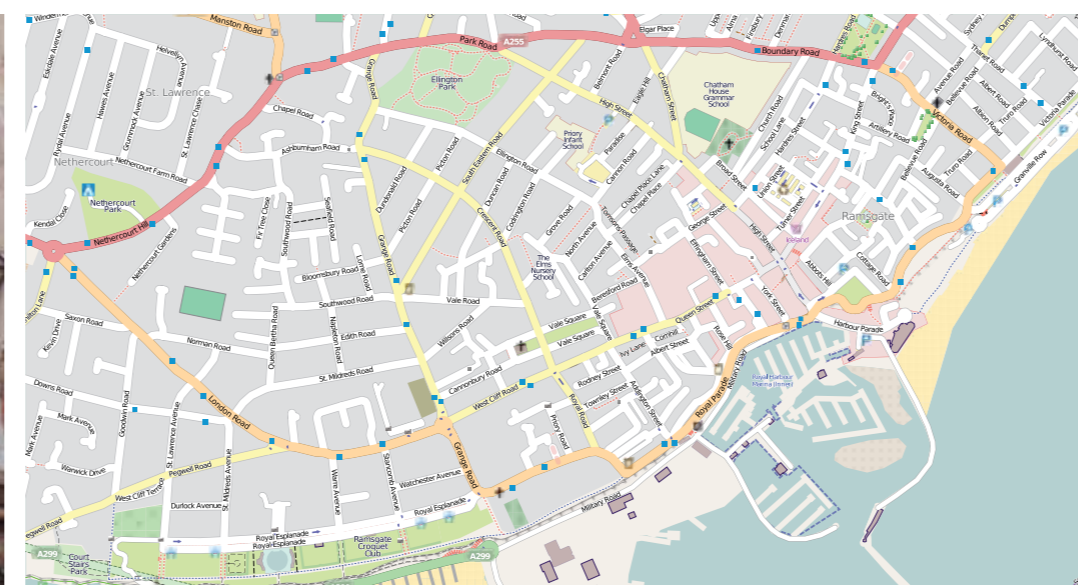

Why Ramsgate?

Ramsgate is located in the South East of England, in the county of Kent known as 'the Garden of England'.

This picturesque seaside town is most famous for its golden sandy beaches and royal harbour as well as a rich history dating back to pre-Roman times. The town itself has many fine old buildings and lots to offer around the pretty yachting marina, which is lined with cafes, modern bars and quaint restaurants. Should you want to experience city life, Canterbury is just 30 minutes away by train or car and offers a great deal of history, culture and things to see and do. In addition to this, Ramsgate has great transport links for the surrounding areas. London is less than 90 minutes away so you are never too far away from the cosmopolitan capital of the England and France is just a short train or ferry trip away from the port of Dover.

Ramsgate is perfectly located to explore England and the rest of Europe.

Ramsgate has been welcoming students from a wide range of cultures and nationalities for a number of years and remains highly regarded amongst visitors as a small, traditional and friendly seaside town. This enables our students to adapt and settle into their new environment with relative ease as local residents are more than happy to embrace people within their community. Ramsgate provides the ideal location for students to study in a relaxed and safe environment with little distractions, allowing you to make the most of your experience in England.

Nationality Mix

At Churchill House we have an admission policy that attempts to make sure there are never too many students from any one country at any one time. In this way, we aim to ensure that Churchill House keeps its truly multi-national character.

* Note that these figures may vary at different times of the year and for different courses.

School Facilities

Our school is situated in one of the many fine old Victorian streets in Ramsgate. We have 3 separate buildings which are all 10 minutes' walk from both the town centre and the beach. Our head office is set in an attractive 19th century square which boasts beautiful architecture, a lovely central garden, public tennis courts and sea views over the English Channel. Across the square are two main classroom buildings of the school; our spacious executive centre and the paragon building famously painted by Van Gogh. In addition to its many classrooms, the paragon also includes our Rosetta Stone room where students can practise their English using self-study software.

"I never thought I would adapt to Ramsgate so well. I feel as if I've been living here for years that I feel like a native not a student. Ramsgate makes you feel like a resident in such a short period of time like 2 months."

Yaprak Civan, Turkey.

Teaching

All of our teachers are chosen on the basis of their qualifications, experience and motivation to ensure that students make the best progress possible while they are here.

Teaching

'Achieving your learning targets'

Our aim is to teach you as much useful English as possible in a professional and caring manner.

We hope this will help you move successfully towards your own learning targets regardless of the length of your stay; and at the same time enable you to develop learning skills that will be of use to you long after you leave us. To help you achieve your goals at Churchill House, we will:

- Assist you in choosing the best course for your specific needs
- Assess your level prior to the course starting through an online test
- Give you a personal interview on arrival to choose the best class for your ability
- Provide you with a written schedule of the syllabus you will study in each monthly module
- Continually monitor and advise you on your progress throughout your stay via written progress reports and individual progress tutorials

Churchill House has its own training and development unit to encourage our teachers to keep up with the latest methods and technologies; you will therefore learn English using methods that are up-to-date and effective. In addition to this, we have a very experienced and highly-qualified academic management team that will not only help you achieve your individual goals but ensure that you enjoy learning English in the process.

Assessing your level

Churchill House has clear procedures for assessing your level of English ability before you start your course. We offer General English classes at 12 different levels ranging from complete beginner to very advanced, so you'll always be in a class with people of a similar level.

Key Steps to Assessing your level

- Complete an English ability questionnaire (part of Enrolment Form)
 - Complete an on-line test (or if this is difficult you can be tested on arrival)
 - The Course Director will then use the above to assess a broad level. If your test result is in anyway unusual they may contact you directly to advise a further test or conduct a brief phone interview.
 - A personal interview upon arrival will further refine your first module level.
- *Note –** Tests can be sent to you by post.

Progress chart

The chart shows the various levels of progress you can expect to make during your time at Churchill House. Progress is dependent upon the number of hours studied each week (15, 20, and 25) as well as your personal aptitude and motivation.

"Students benefit because it's relatively small, it means everyone can get involved in what's going on, plus there are no travelling expenses getting to school every day as all the families are within walking distance."

Rebecca Castle (Teacher)

Monitoring Your Progress

Modules courses start at the beginning of each month and are designed to last 4 weeks (2 and 3 week courses are also available). During a 4-week module course your teacher will display the syllabus and learning targets and go through these with the class on a regular basis. Here are the number of ways in which we will monitor your progress:

- **Progress Test 1** – End of the first week to inform the teacher about the skills level of all students, enabling teaching material pace or style to be adjusted if appropriate.
- **Progress Test 2** – Highlights any areas of the syllabus where the students may need revision or further practice.

- **End of Module Test** – Covers everything studied in the module and helps the teacher determine your level for the next module. (For students leaving this will be a final test).
- **Student Study Records** – This enables you to keep track of your syllabus for the month and to indicate your level of confidence in using each item to the teacher.
- **Individual Tutorials** – These are used by the teacher to give individual advice and encouragement and to go through your written progress report for that month to discuss areas where you are strong or where you need more work. In addition to this, individual advice is always available from teachers.
- **Teacher Recommendations** – At the end of each 4-week module, your teacher will discuss your progress with your course director and make recommendations for your level and progress for the new month. Students who become particularly strong or weak in the module may talk to their teacher about moving level at any time.

Certification

In your final class you will receive a Certificate of Achievement from your teacher outlining the details of your entire course, including:

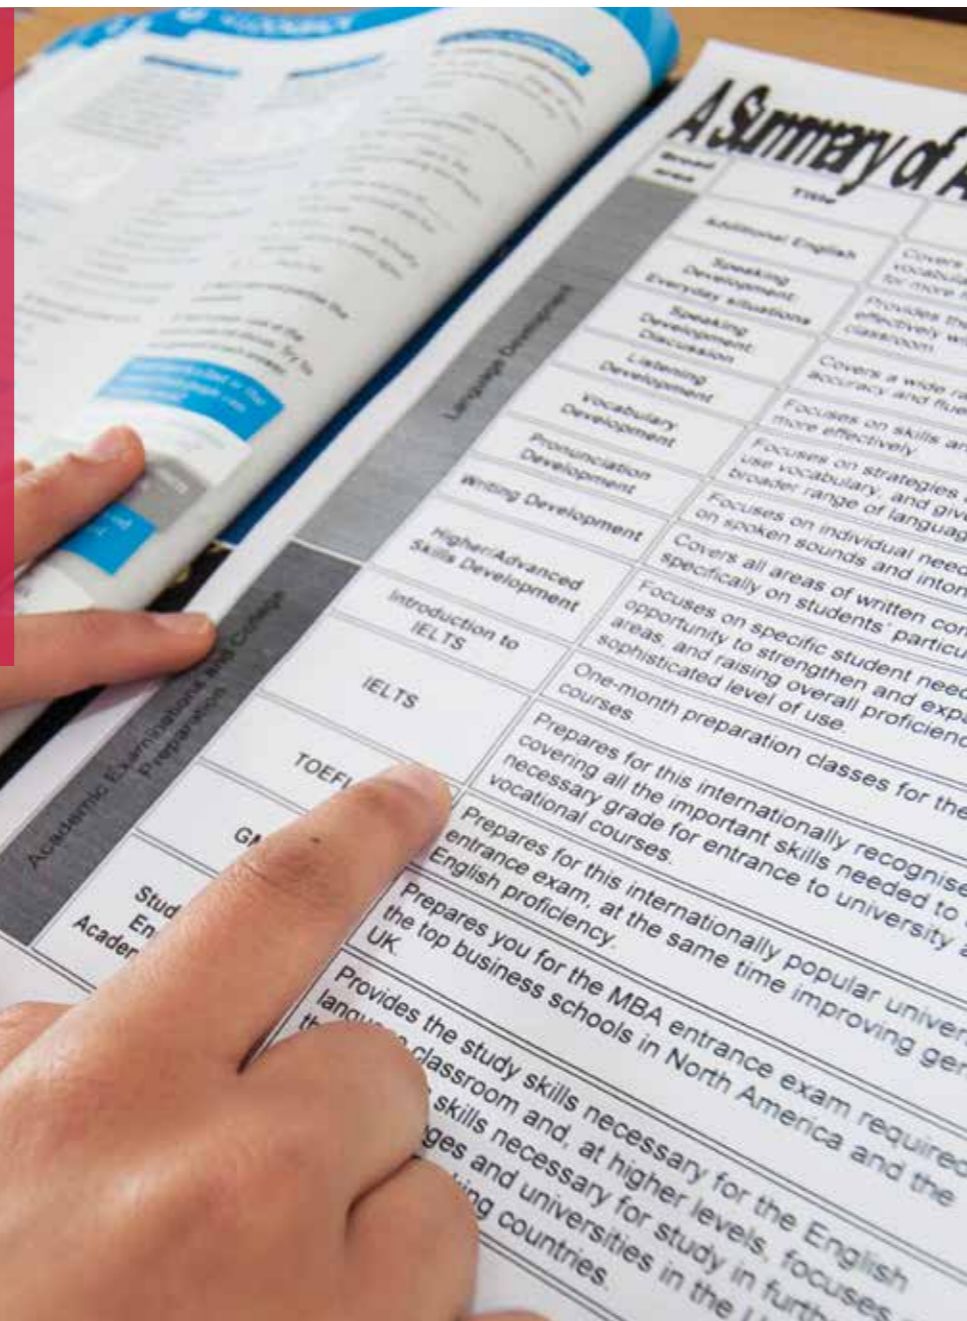

- Attendance Record
- Final level of English
- Any Electives you studied

03

Accommodation

We understand that the quality and type of accommodation is just as important as the choice of course - a lot of your time will be spent there. Years of experience have enabled us to choose the right type of accommodation to suit all preferences.

Accommodation your home from home

We want all of our students to flourish in their new living environment.

This is the reason why we have a friendly and experienced year-round accommodation department that ensure all students are happy and comfortable in their new homes. Whether a student wishes to live with a host family or on their own in private accommodation, we have a wide range of housing options available and will work with each student to make sure they are living in the environment most suited to their individual needs.

"My host family was amazing, I would love to stay with them again next time I visit England"

Luis de Souza, Brazil

Homestay

The most popular housing option for our Main School students is to live with a host family. These homestay programmes are great for learning more about English culture and improving students' spoken English skills, as we encourage our host families to talk with their students at every opportunity. At Churchill House, we have over 150 host families within 15 minutes walking distance from the school and others within 25 minutes. Each family is personally inspected by our accommodation department on a yearly basis to ensure that standards of cleanliness, comfort and friendliness are always maintained.

Choosing my Host Family

When you apply for a course at Churchill House you will be asked to specify which type of accommodation you would prefer.

These options include:

- Half board (breakfast and dinner provided by your host family, does not include lunches)

- Full board (breakfast and dinner provided by your host family, lunches provided at school)
- Single Room
- Shared room (normally shared with a student of a different nationality)

You will also be asked to submit your accommodation preferences. We will need to know if you have any dietary requirements or allergies, if you would prefer a smoking or non-smoking home, and if you wouldn't like to live in a house which has a dog, cat or any other pet. Please be aware that your preferences will help us determine which homes are suitable for you and that some choices (such as wanting a house without pets) may limit the range of accommodation available to you.

Most of our families accommodate one or two students, some even welcome up to four students. If you would prefer to be more independent, we can help you find self-catering accommodation or a student house-share.

Once you have submitted your accommodation preferences, we begin to use this information to match you to a suitable host family. We have many years of experience in matching students to families and have a good record of success. However, should a student not be happy with their family for any reason, we will help to resolve any issues they may have or transfer them to another home.

Paying the Family

All accommodation charges will be included in the total fees quoted on your certificate of enrolment. After you have paid the full balance of these fees, you will have paid for your accommodation.

Other Accommodation Options

If you do not want to stay with a host family, we are able to offer private accommodation in the local area (on request). This includes the following:

- Royal Harbour Hotel (5 minutes from the school)
- Bedsits
- House/Flat-shares
- Self-contained Flats

Alternatively, you can arrange your own accommodation and just pay the school for lessons. You may still use all the school's facilities including the Individual Learning Centre and the Clubroom as well as being able to participate in Social Club activities. Please note that students cannot privately book any of the host families currently on our register.

"I loved my host family! They really treated me as a guest and were always trying to make me feel at home and get to know me better"

Maria Isidora, Chile

We understand that finding the perfect balance between work and leisure time is vital for an enjoyable experience. For this reason, the Social Club provides all students with an evening social programme and the opportunity to book as many full/half day excursions and multi-day tours as possible,

to ensure you get the most out of your vacation.

Students taking a course with 15 hours of lessons per week can combine their course with a carefully designed leisure programme that offers a variety of regular activities, sports and excursions. We believe our students benefit from combining studies with some time for relaxation, so if you wish to concentrate on your lessons and not worry about what to do with your leisure time, let us organise it for you!
