High School Completion

The pathway to success begins with an American high school diploma! But many international students hoping to complete a diploma don't have the time or resources to attend a U.S. high school and are looking for alternate options. Others want to add a diploma from the U.S. to their current credentials.

Now at FLS, students can earn high school credit, complete their high school studies and earn their diploma. FLS and Penn Foster High School have joined forces to offer this program especially designed to get students on the right track for high school success.

Penn Foster is a fully accredited school founded in 1890. The school's diploma is accredited and accepted by colleges and universities across the United States. For two hours each day, students in the High School Completion program work with our supportive teaching staff and follow a customized curriculum to meet the exact requirements needed to complete their diploma.

Accommodation: Homestays

Staying with an American host family is one of the best ways for students to improve their English quickly and effectively. Living with a host family allows students to experience the American lifestyle at a personal level. Students participate in family activities, practice their English with family members and build long-lasting connections and relationships.

Welcoming homestays are available at all FLS campuses. Each home is located within easy travel distance of the campus and provides a comfortable and friendly environment.

For most students, FLS recommends our twin room homestay option: Two students with different native languages share a bedroom, providing additional opportunities for English practice. A single room option is also available.

STUDENT RESIDENCES:

Student Residences are available at select FLS Campuses for those seeking a more independent lifestyle. Contact us for more information.

Each host family is carefully selected by FLS. Our dedicated housing staff visit and interview each family personally, ensuring that each home will meet student expectations. Many of our families have years of experience in hosting international students and introduce their neighbors and friends to our program.

EACH HOMESTAY INCLUDES:

16 meals per week (breakfast and dinner each weekday; breakfast, lunch and dinner on weekends)

Access to laundry facilities in the home

A place to study

WiFi Internet

Access to all family common areas

Volunteering Opportunities

Now more than ever, students are looking for ways to reach out and contribute to the community around them.

Volunteering is not only a chance to assist others and connect with the community, but is also a great way to meet Americans and gain valuable real-world experience.

Selective colleges and universities are searching for well-rounded candidates when making admission decisions. Having experience in community assistance programs is an excellent way to round out a student's background and show their diverse interests. Not only that, but volunteering often provides memorable experiences that can last a lifetime.

FLS has carefully selected the perfect volunteer opportunities for international students. Participants in the program will gain practice in speaking English and valuable insights into American culture in a structured environment.

Each FLS center offers unique volunteer opportunities based on the specific requirements of their community. We work with organizations from food banks and women's shelters to schools and convalescent homes, offering a wide range of experiences.

Best of all, students enrolled in FLS classes can participate in these opportunities at no additional charge!

Exclusive Features

FLS is truly like no other language school, with unsurpassed customer service and an outstanding curriculum. Check out some of our unique features!

CUSTOM TEXTBOOKS

Many levels use Patterns, our own custom-made textbooks, developed specifically with FLS students in mind. These texts use a modular format that allows students to master new English concepts, vocabulary terms and grammar skills each week. Throughout the texts, students meet characters who encounter different aspects of American culture brought to life through audio and video elements.

A new unit is covered each week, including many chances for student interaction and concluding with a project in which students prepare and present material to the class.

This contemporary, interactive series helps students take their English to impressive new levels!

ENGLISH EVERYWHERE

English Everywhere centers on the **Hot Sheet**, a quick reference for all the key language points for that week.

Each Hot Sheet focuses on a different theme, with conversation starters, songs and movies that explore the theme in greater detail. Students are encouraged to keep their Hot Sheets with them and refer to them throughout the week.

With FLS International, you really can learn English Everywhere!

Students can download and share Hot Sheets at www.fls.net.

CONCIERGE SERVICE

Our staff truly goes the extra mile to ensure that each student has the best possible experience. School personnel are well-versed in helping students adjust to life in the United States, whether it's opening a bank account, finding a great restaurant or getting a driver's license.

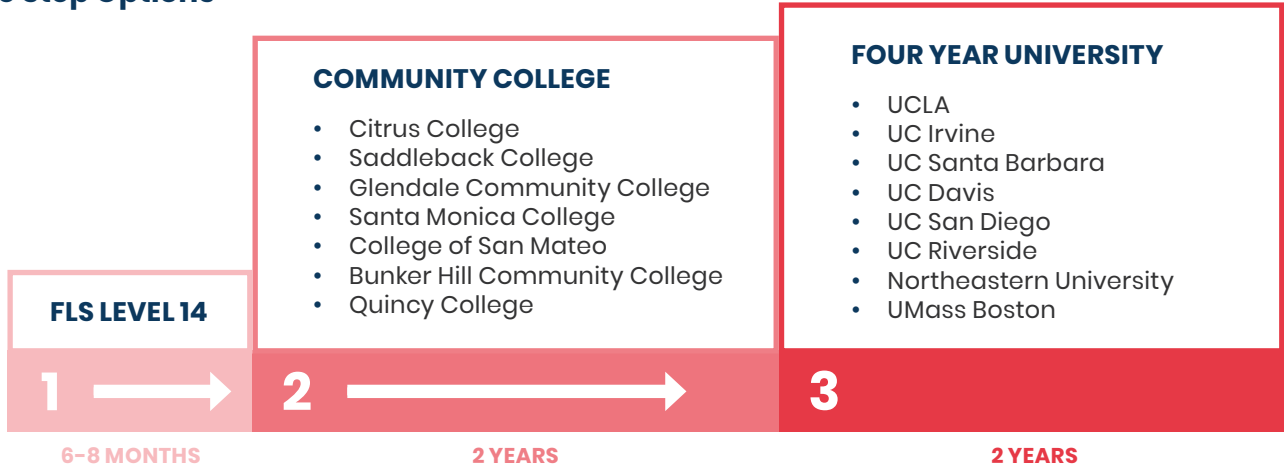

Because FLS operates all of our own school services, we're able to take quick, responsive action to student requests. If a student has concerns about housing, an activity, or any school-related issue, we have personnel available around the clock, ready to quickly and effectively address the matter.

Pathways at FLS

There are many different pathways to take to earn an American university degree. FLS International works with each student to find the best path based on the student's background, interests and goals.

SAMPLE PATHWAYS

Three Step Options

Students begin their educational journey at an **FLS center** where students will improve their English proficiency and gain the skills needed to succeed in the American academic system. Students who complete Level 14 may then transfer to a community college and complete an Associates' Degree. Afterwards, students can transfer to a four-year university to complete a Bachelor's Degree. In order to transfer into a school in the California State University system, students must maintain a GPA of 2.0 or better while completing their Associate's Degree. Popular campuses include CSU Fullerton and CSU San Diego.

Students wishing to enter the prestigious University of California system must maintain a GPA of 3.0 or better while completing their Associate's Degree in order to transfer to such schools as UCLA and UC Santa Barbara.

As with the UC system, students must maintain a GPA of 3.0 or better to transfer to schools in the University of Massachusetts system. Many other campus options across the country are also available.

Two Step Options

Students may choose to complete a more advanced FLS level (15-18, depending upon school) and transfer directly to a 4-year college or university. Our partner institutions work closely with FLS to ensure that students have a seamless transfer.

Universal Placement Program

Universal Placement Program (UPP) is the placement division of FLS International and our mission is to help get you into the best schools in the USA. For over 30 years we have helped thousands of students to gain admission to high schools, community colleges, top-ranked universities, graduate programs and specialty schools. Our simple, fast, free service ensures you access to achieve your educational dreams!

I'm looking for a high school.

UPP partners with over 40 top high schools for grades 9-12 with both boarding and homestay options.

I want to go to a good university but my English (or GPA) is not great.

UPP has over 100+ pathway partners including over 80 that accept FLS level completion instead of the TOEFL or IELTS exam. You can study English at FLS or one of our on-campus ESL partners. Even if your grades are poor, we can get you conditional offers to universities before you leave your home country.

My English and GPA are fine. I want a top-ranked school!

UPP has many universities and programs ranked in the top 150. If you already have a good TOEFL or IELTS score, we can help with direct admission into a great program.

I'm interested in graduate programs.

We have a wide variety of graduate schools offering the most popular majors such as MBA, Computer Science, Engineering, Big Data, and Health Sciences. Additionally, nearly all of our programs offer opportunities for CPT, OPT, and internships with American companies.

I'm looking for a special program.

UPP partners with a number of "Specialty Schools" offering diverse programs including Acting, Culinary Arts, Fashion Design, Creative Design, Music Performance, Flight Training, and even Professional Golf!

Do you offer scholarships?

We certainly do! Many of the UPP schools have a variety of scholarship options for international students. Requirements are usually based on GPA, English ability, nationality, and essay submission.

I need help with housing.

At many of our UPP schools, we offer the "American School Year" (ASY) program, which allows students to reside in single room accommodation during their academic term.

How to use Universal Placement Program to help with your admission.

Step 1 Contact FLS and complete the UPP information request form

- UPP will professionally evaluate your information and present a comprehensive study plan including assured school acceptance.

Step 2 Complete the UPP application

- Our simple and free process (for students attending FLS) allows you to easily apply to any of our partner programs & institutions.

Step 3 Receive your admission (Full or Conditional) and I-20

- The UPP process is very fast and admissions can be granted as quickly as 2 weeks from the receipt of the application.

For comprehensive school profiles, recommendations, and much more information, visit the UPP website at www.uppcolleges.com

Testimonials

I have been in many schools but at FLS International administration staff really cares if students do well and go to school. In other schools, they don't care if you come or not. I also like the fact that everything is well organized. On one hand, education is demanding and on a high level on the other, you can ask for non-standard things and they will be done. This is also the first time I have attended activities in any school and it was great to see that they actually care if we are having a good time...My progress is visible. I want to say something about homestay. The prices are affordable and they really listen to what you need. So you can live almost any way you like.

—**Abdalla**, FLS Student (*Saudi Arabia*)

Southern California is an amazing mix of diverse cultures that gives students an unforgettable exposure to many aspects of America. At FLS you will be part of a supportive community that will help you to be a better English speaker, grow as a person, and make progress toward your life goals.
