With our strong links with many UK professional football clubs and the network of contacts of our FIFA licensed football agent, you will get the very best chance to realise your full potential.

But you need to have exceptional talent, total commitment and never ending motivation to become a professional player.

Have you got what it takes to succeed ?

Our philosophy is to protect your future and broaden your life choices by also giving equal importance to developing your education.

Footballers today must look beyond professional football.

An injury can immediately end a career. You won't always be at the top of your game and so need to be ready for a change of job as you get older.

That is why you will also leave our academy with recognised qualifications and a well-planned educational pathway.

And our unique and dedicated approach to welfare ensures that each one of our staff takes a lot of care to develop you as a person, too.

A Father's Testimonial

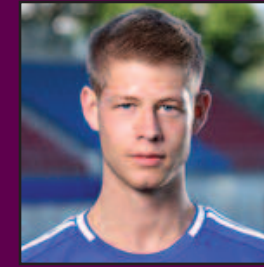

"We had 2 goals coming into this program :

find a safe; hospitable; loving (I use that word because I felt every one of your staff showed that to Quinn and myself when I visited); professional environment.

Secondly, to secure some reputable relationships with UK teams and professionals that we could leverage for the 2014 season that would trend us down the path of scholarship football in a professional football setting.

In my opinion, I think both of those goals exceeded our expectations and I owe it to you guys for helping us find our way over this last year.

I want to personally thank you for giving me the confidence that you always had Quinn's best interests in mind.

Sam

Sam Zimmermann

Currently representing Lichtenstein national U21 team in the European U21 Championship qualifiers.

Signed a pro contract with FC Emmenbrücke. Sam then moved on to Swiss 3rd division professional club SC Kriens, representing their U21 squad.

You gave me total peace of mind that he was always in a safe environment where he was surrounded by well-intentioned adults, who allowed Quinn to mature at his own pace."

Standard - Full board accommodation at the weekend and half board from Monday to Friday.

Executive - As above but the student has a private bathroom. All home stays are accessible using public transport and are located in areas with a maximum travel time to the school of 40 minutes.

We can recommend a selection of student residences located in the city centre. You will have your own room with private bathroom and share a kitchen and lounge with 5 other students.

The residences are safe and secure and offer all inclusive weekly rents. Our choice of residences are located between 10 and 20 minutes' walk from the school.

Social Activities at IH Manchester

At the school we organise many activities and excursions for our adult students all year long. This means that you can quickly and easily make friends, discover all the fantastic things that Manchester has to offer and be able to continue to practise your English outside of the classroom.

We know that everybody doesn't always like to do the same things, so we always offer a choice of activities when we can.

Below is a typical week's schedule so you can see how much fun you can have as your spoken English fluency skills improve and your vocabulary gets bigger !

All events, excursions and activities are led by one of our teachers - so it's English only whilst the lesson continues! You can choose if you want to participate or not and only pay for your own costs eg. Train ticket and lunch on a full day excursion.

NB - Junior Students (under 18 years of age) have separate activities which are closely supervised by our staff. Please see Junior Courses for details.
