# SAFETY

We understand that safety is a concern for anyone travelling to a new place. That's why at NCG, safety and welfare are at the top of our priorities.

All of our staff, in all departments, have passed background checks.

We also have a colour coded lanyard system so that staff, visitors, students over 18 and students under 18 can be identified at the blink of an eye.

We have staff trained in fire safety and first aid.

There are also regular health and safety improvement board meetings, where student representatives can give suggestions.

Our schools are located in areas that are safe for students to explore. Plus, social activities and excursions will always be led by a teacher or a member of staff.

# STUDENT WELFARE

We have student welfare teams who are available for students to chat to about any problems. From academic issues to personal issues staff will be happy to help.

We encourage students to speak English at all times whilst they are at the college. Our staff can also speak a number of different languages.
