ENGLISH COURSES

FOR AGES 16+

Learn English with the number one language school in London and speak to the world.

Our story began in 1953 when John Haycraft (CBE) and his wife Brita Haycraft started International House London, because they believed in intercultural understanding through language learning.

We have continued their mission and changed people's lives through language for over 65 years. We have the expertise and passion to help you realise everything you want to achieve through learning English.

Travel the world, take that university course, succeed in your career – your story starts here.

10 REASONS TO CHOOSE IH LONDON

Improving your English is a huge step towards achieving your career and life goals. We will be with you every step of the way. Here are a few reasons to trust us with your ambitions.

5 Our school is located in the beautiful Covent Garden, in central London. Everything London has to offer can be reached from our front door.

6 Our modern air-conditioned school sits across nine floors with a library, café, computer centre, comfortable social spaces, reception, and 53 fully equipped large bright classrooms.

1 We are the number one school in Central London, judged by the latest British Council inspection results.

2 We are also the best value school in London (ranked by the industry publication EL Gazette).

7 We are an accredited exam centre, so students can prepare for exams and sit them in the same place. Many of our exam teachers are also IELTS and Cambridge Exams examiners.

8 We have our own IH social programme team, accommodation team and student welfare team who are all on site at the school to ensure you have the best stay. In fact, our school is also our head office, so you have everyone on site to make sure you are happy – even our Chief Executive.

3 International House London is a charitable trust and we reinvest profits to improve your learning experience.

4 Our teachers are all CELTA-qualified, many are Delta-qualified. Both teaching qualifications represent excellence in teaching and are assessed by the University of Cambridge. More than 80% of our teachers are also teacher trainers.

9 We have always championed the best teaching. International House London was the birthplace of the first qualification for teaching English as a second language. This then became the CELTA qualification run by Cambridge English (part of the University of Cambridge) and is recognised throughout the world.

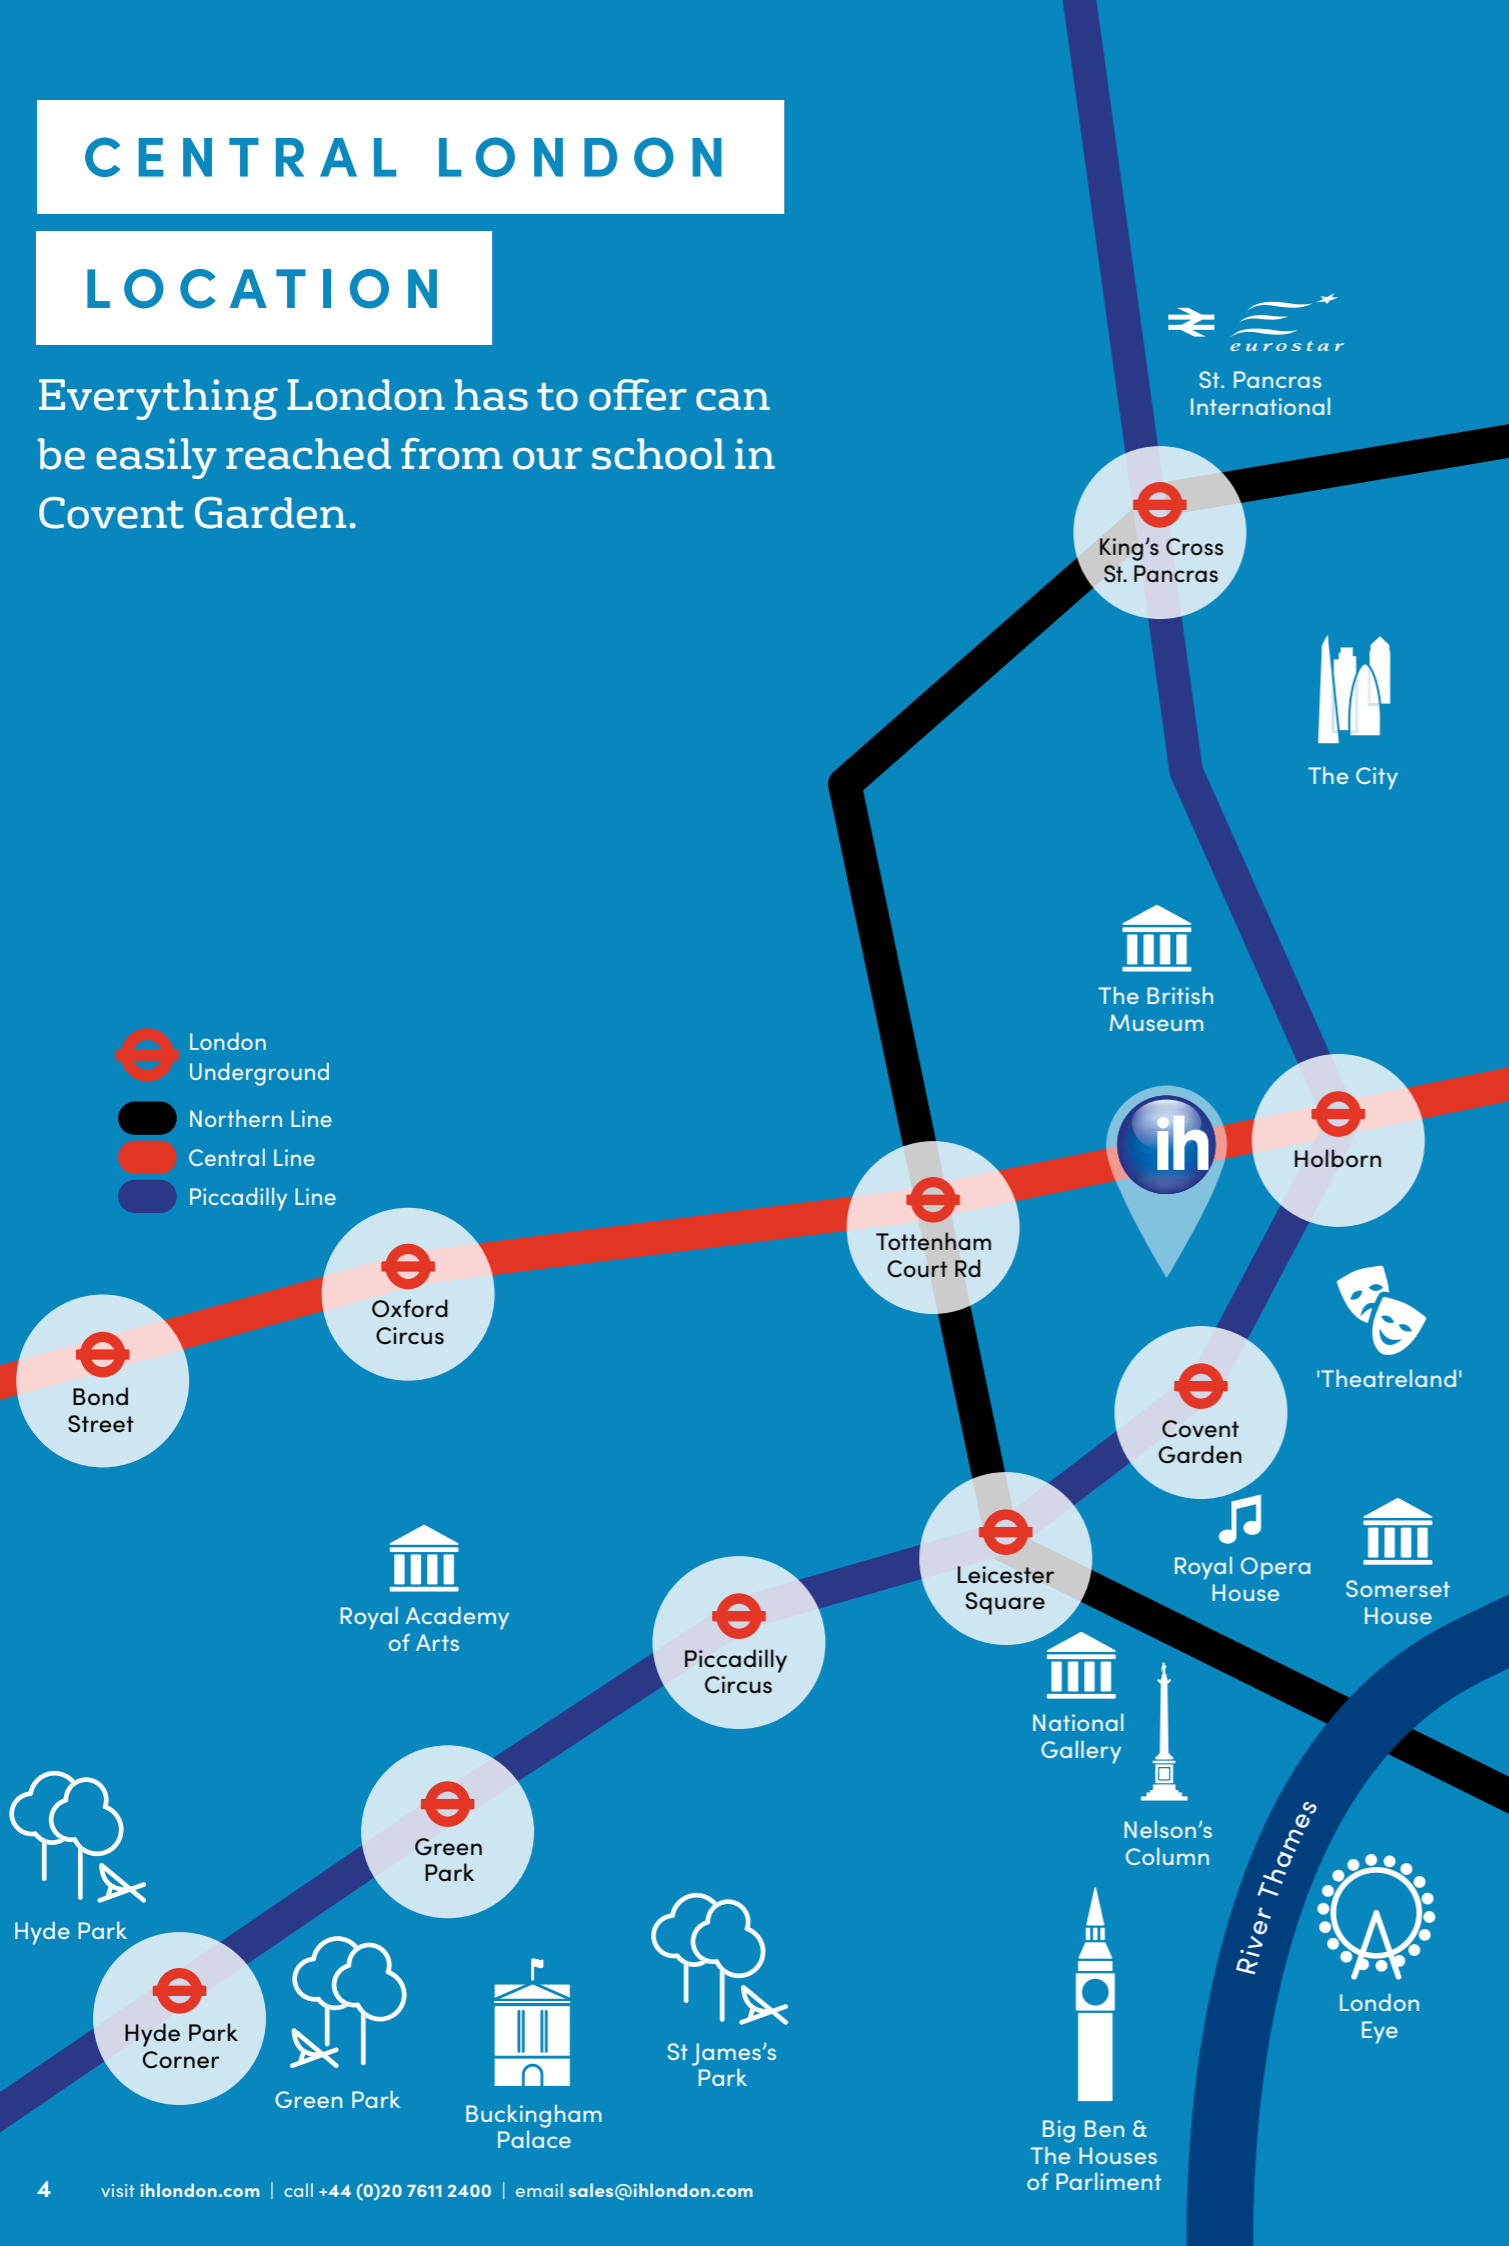

10 We have been teaching for over 65 years. IH London predates the now global brand IH World, which is a partner network for 160 top schools worldwide.

London also has fast connections to everywhere else in the UK. The seaside town of Brighton, and historic Cambridge and Oxford are all only an hour away from London by train.

London's location and excellent travel links (not to mention the relatively small size of the UK) mean you can visit many famous destinations during your stay. An IH organised day trip is the perfect way to make new friends too.

OUR SOCIAL TEAM CAN BE YOUR GUIDE

James, our Social Programme Coordinator, has 13 years' experience organising social programmes for students and is passionate about making sure everyone has a great time.

”

London is a very special city and a great place to learn English and also make new friends because it has something to offer everyone.

It is a mix of the old and the new: with history, many interesting attractions such as the London Eye, a vibrant nightlife, a lot of free museums and galleries, and a growing café culture (which suits coffee enthusiasts like me!). My favourite thing is that London has many beautiful parks where you can pause in the city and just relax.

I love taking students around London because I am always discovering something new for myself and I have the chance to introduce students to things which they would not find by themselves.

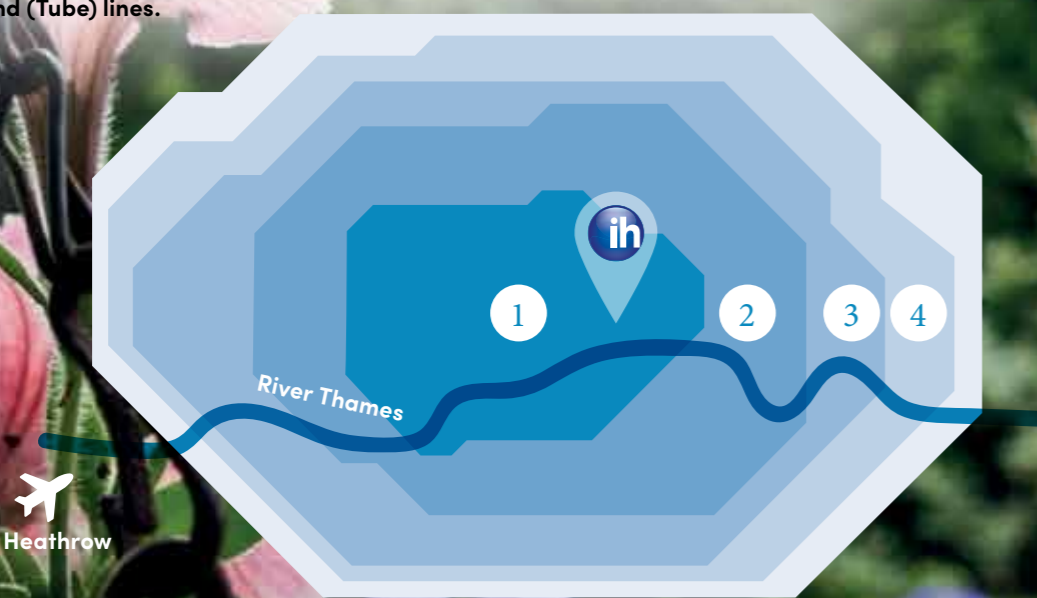

James,
Social Programme Coordinator

ACCOMMODATION

Your home while you study with us is important. You can practise your English with the people you live with and explore the great city of London.

We have a range of accommodation options to suit you, including homestay with a host, one of our modern student residences, a boutique-style guest house, or even a hotel if you prefer.

IH London is in Zone One, in central London, close to Covent Garden, Holborn and Tottenham Court Road underground (Tube) lines.

Zones One & Two

In Zones One and Two, we have a selection of student residences and hotel options. It means you can walk to the school, or take a short bus or underground ride. The cost of accommodation in the central area is higher than other parts of London.

Zone Three

Zone Three offers a quieter area to live in, but it is still easy to get to and from the city centre. We offer homestay with a host in this area.

Zone Four

This is the farthest Zone in which we have accommodation. We place students in homestay in this area. It takes about 40–50 minutes to commute from this Zone. Did you know that the average London commute takes 74 minutes? This zone still compares favourably! In this area, people often live in houses and not apartments, have gardens and live near parks. The Tube and buses operate in this area throughout the day and night.

”

My host was outstanding. All the conversations we had were just great and his cooking... excellent. It was such a pleasure, I'm sure I'll be back again.

Felix, Switzerland

HOMESTAY

Live with an English-speaking host in their home and be welcomed as part of the family. Practise your English over meal times and immerse yourself in British culture.
